

LASER SPA GROUP TRAINING REGISTRATION

Our 2 Laser Training Courses (2 day 12 Hour Introduction to Laser Training and Laser Safety Program, and the 2 day 12 Hour Advanced Laser Training Course) will provide physicians, nurses, medical assistants, aestheticians, electrologists, or other laser system operators with a thorough understanding of both theoretical and practical concepts.

Cost of the 2 day 12 Hour Introduction to Laser Training program including materials is \$995.00, Canadian plus HST.

Cost of the 2 day 12 Hour Advanced Laser Training Course including materials is \$1695.00 Canadian plus HST

Please Note: If you have NO experience with Laser Treatments you will be required to take BOTH courses to ensure adequate training for Laser Hair Removal. (\$995.00 + \$1695.00 = \$2690.00 plus HST for both programs for certification).

If you only require a 'Laser Refresher' course and already have certification on Laser or IPL treatments, and wish to upgrade or improve your skills, then you may 'fast track' and take the 2 Day 12 Hour Advanced Hands-On Laser Training Course with the appropriate prerequisites: : Laser Technician Equivalent Certificate or Electrolysis Diploma.

Proof of certification needs to be submitted. Otherwise the introductory program will be mandatory.

ADMISSION REQUIREMENTS:

The Laser Hair Removal training course offered by Laser Spa Group has been developed for licensed Aestheticians, Electrologists, other Laser System Operators, or those covered under a cosmetologist license, as well as medical professionals including doctors, nurses, medical assistants, and those with a medical background as verified by copies of certificates and diplomas or those wishing to enter in the field of laser technology with a minimum age requirement of 18.

Anyone wishing to enroll in the Laser Hair Removal program without the above mentioned qualifications, licenses or backgrounds will be required to sign a release which holds Laser Spa Group and blameless should the applicant fail to satisfactorily complete the course. Laser Hair Removal Services are governed under different licensing laws in almost every State in the U.S.

It is the responsibility of each student who is wishing to practice services in their own business to verify that the laws pertaining to laser hair removal services are met. In Canada, no such licensing exists at this time.
